

It was a beautiful day, when more than 100 participants from Germany and abroad played golf for a good cause in Peru. This was the seventh time that the Aesculap company had invited people to sign up. Aesculap is a subsidiary of Ludwig Georg Braun, the president of the German Chamber of Commerce.

In the evening, after his presentation, Dr John accepted the symbolic check. Furthermore, Aesculap will donate all the surgical instruments needed in the operating rooms. For this unexpected contribution of equipping the missionary hospital, Diospi Suyana gave special thanks to Dr. Ungethüm (Chair of the executive board of Aesculap) and Otmar Wawrik (Director of Marketing and Distribution in Germany).
