

Diospi Suyana gives away hearts for all women

On Friday morning every female patient was given a small gift for Mothers' Day. The ladies' reaction to this gesture was huge. Beforehand some volunteers had cut out 250 hearts and had stuck a verse from the Bible and a sweet on each one. The morning service was conducted by several Chilean youths from the Christian Youth Fellowship "JUCUM".

A heart, a verse from the Bible and a sweet.

A good idea for thankful recipients.
