

### **I confess: “Yes it was me”**

On 19<sup>th</sup> July a colleague working in the hospital Diospi Suyana was raped. A week later the perpetrator abused an under-aged girl in the suburb Pisonaypata. Hereby the police were able to identify him and arrested him shortly afterwards. He pleaded guilty, confessing he had used brute force in both incidents.

The judges in the high court of Apurimac pronounced their sentence a couple of days ago: 10 years imprisonment in the youth prison in Cusco. Lawyer Efrain Caviedes, honorary member of Diospi Suyana-Peru, partook in the sitting of the court via video-conference. National and international media covered the events concerning the rapes.
