

45 minutes with the President of the Ministerial Council

Totally out of the blue the Peruvian Minister of Defence José Huerta died yesterday and two days of national mourning were proclaimed. But despite this bereavement the Prime Minister Salvador del Solar welcomed Dr Martina and Dr Klaus-Dieter John in the Presidential Palace. Having heard the missionary doctors' presentation Del Solar was visibly impressed. He promised the founders of the Hospital Diospi Suyana his continued support.

It was a very productive meeting. But the Santa Rosa de Lima looked critically down on the snazzy tie of the German-Peruvian.
