

But you can choose what is on your wish-list

Due to the Corona-Pandemic the list of their invitees was slashed to 35 guests. But everyone who attended Jochen Kaub and Ilßgen Kaub-Krietenstein's golden wedding celebration will think back to that memorable day for years. The two retired teachers live in Belgium and have supported Diospi Suyana since 2006. Years ago in Eupen they heard a talk about the missionary hospital and Ilßgen has visited Peru twice and has seen Diospi Suyana for herself.

Instead of presents for their round birthdays and anniversaries the Kaubs ask for financial support for Diospi Suyana. A cordial "*dankeschön*" from South America. All staff wish Jochen and Ilßgen God's rich blessing for the next ten years on their way to their Diamond wedding anniversary./KDJ

Into the future with humour and energy. The happy couple standing at their front door.
